Starting a conference call

To create a three-way local conference call:

1. Call the first party
2. Press the **Conf** soft key to create a new call (the active call is placed on hold)
3. Place a call to the second party
4. When the second party answers, press the **Conf** soft key again to join all parties in the conference.

When a conference has been established, pressing the **Split** soft key will split the conference into two calls on hold.

Placing the call on hold on the conference originator's phone will place the other parties in the conference on hold.

A conference may be created at any time between an active call and a call which is on hold (on the same line or another line) by pressing the **Join** soft key.

Ending the call on the conference originator's phone will allow the other participants to continue the conference.

Accessing messages

The message waiting indicator and individual line indicators will flash and the stutter dial tone will sound in place of normal dial tone to indicate that messages are waiting at the message centre.

To listen to voice messages:
