Answering a call

- **Using the handset:**
Pick up the handset
- **Using the speakerphone:**
Press: , or the line key or **Answer** on the touch screen
- **Using the optional headset**
Press .

Starting a conference call

Call the first party and after the call connects, tap **Confrc** on the touch screen. Then, dial and connect with the second party and tap **Confrc** again.

From the Active Line and Calls view, you can use the touch screen and:

- Tap **Hold** to hold all participants
- Tap **End Call** to remove yourself from the call, but keep the other participants connected
- Tap **Split** to end the conference and place all participants on hold.

Accessing messages

The message waiting indicator and individual line indicators will flash and the stutter dial tone will sound in place of normal dial tone to indicate that message(s) are waiting at the message centre.

To listen to voice messages:

1. Press the **Messages** icon on the touch screen
2. Follow voice prompts to listen to voicemails.
