

Timico have grown rapidly since establishing in 2004 and so has our commitment to implement, improve and support our stakeholders. Regular reviews ensure we are as up-to-date and as forward-thinking as possible.

Our CSR policy sets out the principles we follow and the commitments we make, review and develop and where we aim to have significant impact or influence.

Our principles:

Commitment

We are committed to providing our customers with the best products and services and continue to invest in developing the latest technologies.

Honesty and accountability

We are open and honest with our customers and suppliers and will never intentionally mislead in any of our communications.

We communicate our environmental policies, objectives and performances openly and honestly to customers and suppliers who have an interest in our activities.

Sustainable progress

We are committed to improving our performance on an ongoing basis. We will take into account technical developments, cost, customer concerns and expectations and the development and implementation of all new social and environmental policies and procedures. We will monitor our performance, set objectives for improvement and report on our progress.

Demonstrable compliance

As a minimum, we will meet or exceed our compliance targets on all relevant legislation. Where no legislation exists we will seek to develop and implement our own appropriate standards.

Shared responsibility

We are a responsible user of social media, and will always endeavour to take other people's views into consideration.

Our commitments:

Our colleagues

We recognise the importance of our colleagues maintaining a good work/life balance and ensure their working environment supports this.

Our current commitments to our colleagues:

- Regular reviews and 121's
- Relevant training and development
- 24 hours paid leave for CSR activities
- Colleague discounts on Timico products and services
- Summer and Christmas events
- Health and wellbeing

Our customers
